Circular

Sub: For assessment of Disability facility/services from any particular or neighbouring notified hospitals for issuing disability certificates as the case may be.

All Government Hospitals are hereby informed that the Rights of Persons with Disabilities (RPwD) Act 2016 has been notified on 27th December 2016, and Rules thereunder have been notified on 21st April 2017. The assessment guidelines have also been notified on 4th January 2018 which are available at website- disabilityaffairs.gov.in. Under the aforesaid Act, 21 types of disabilities have been notified for which disability certificate shall be issued by the hospitals. The disability wise /hospitalwise with jurisdiction of area shall be issued after due approval. However, it has been felt that presently the hospitals issuing disability certificate do not have all specialists for assessment of 21 types of disabilities and difficulties are being faced by the public who are in need of disability certificate for various purposes. Therefore, it has been considered that the hospitals issuing the disability certificate presently, in case do not have any particular speciality for which the certificate has to be issued may request the hospitals where the concerned specialists for particular disability are available for assessment.

This issues with the prior approval of Competent Authority.
